Period for Reply -- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

DETAILED ACTION

Applicants response filed 09/09/2008 is acknowledged.

Response to Applicants Remarks:

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Previously presented rejection of claims 1-8 under second paragraph of 35 U.S.C. 112 with regards to solvates is maintained for reasons of record.

Applicants argue that the specification describes solvates.

The rejection is not with respect to the definition of solvates rather the rejection pertains to the absence of disclosure of the chemical composition of the solvated compounds being claimed.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Previously presented rejection of claims 1-8 under first paragraph of 35 U.S.C. 112 is maintained.

Applicant's amendments overcome part of the rejection. Applicant's arguments with respect to solvates are not persuasive and as such the rejection is maintained for

reasons of record. Applicants state that the Examiner has not provided a concrete basis to doubt the formation of solvates.

Applicants have shown the chemical composition of 22 compounds whose compositions, as shown structurally, relate to the formation of HCl salt without any solvate present. For instance, in Example 22, the compound was obtained as hydrochloric acid salt. The preparation (described as 'reaction' in applicants' remarks page 16, line 5 from the bottom) of this salt did not result in a methanol solvate or ether solvate though both these solvents were used in the 'reaction'. This is evidenced by absence of signals corresponding to CH₃ and CH₃CH₂ of the methanol and ether solvent adducts in the NMR spectra reported for the compound of Example 22 (see page 68 of the specification).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to NIZAL S. CHANDRAKUMAR whose telephone number is (571)272-6202. The examiner can normally be reached on 8.30 AM - 4.30 PM.
